CELEBRATING 20 YEARS OF MICHAEL ROBOTHAM.

Some memories are buried for a reason . . . The compulsively readable new thriller by the no. 1 bestselling and award-winning master of crime.

The most painful of Evie Cormac's memories have been locked away, ever since she was held prisoner as a child - a child whose rescue captured hearts and headlines.

Forensic psychologist Cyrus Haven's mission is to guide her to something near normality. But today, on a British beach, seventeen bodies wash up in front of them. There is only one survivor, and Evie's nightmares come roaring back . . .

'The guy can't write a bad book. This is one of his best, suspenseful and hard to put down.' - Stephen King
